

# Courses for Children & Dogs

## COURSES AVAILABLE

- **CHILDREN & DOGS  
LEARNING TOGETHER**

Designed to educate your child in all aspects of owning and training a dog; helping to build a positive relationship between dog and handler.

- **JUNIOR HANDLING**

This course will help build handling skills and includes fun games and obedience exercises; promoting fun interaction between child and dog in a positive way.

- **AGILITY FOR DOGS & CHILDREN**

For dogs with a basic level of obedience, this class gives the child confidence in teaching their dog to negotiate different agility equipment. A great course for improving concentration and bonding between dog and handler.

## TRAINING CHILDREN & DOGS TOGETHER

Children's lives are enriched by living with dogs. Taking care of a dog is an excellent way of teaching a child responsibility whilst getting exercise and having fun! Your dog can be your child's best friend and this helps raise self esteem and build confidence. Together they can learn valuable skills.

Unfortunately, too many children are bitten in the home due to a lack of understanding. We offer various classes designed to help your child understand how dogs communicate and how to interact with the dog in a fun and positive way. Also our classes enable the child to teach their dog to listen to simple obedience commands progressing onto Agility and Trick Training for those who wish to advance.

The course Tutor is a qualified School Teacher. We ask that all dogs attending are friendly with other dogs and people, and can be controlled by the child. We also ask that parents stay during the session. Courses are of six week duration. For more details on these and all other classes at Happy Dog Training, contact us today!
